PRELUDE

The Indian Institute of Information Technology, Nagpur (IIITN) was established in 2016 and has completed seven years of operations. As one of the 20 IIIT established under the Public-Private Partnership Scheme by the Ministry of Education, Government of India, IIITN has been declared an "Institution of National Importance" under the provisions of the Indian Institute of Information Technology (Public-Private Partnership) Act, 2017.

Despite being a young institution, IIITN is dedicated to becoming a pioneer in cutting-edge technology research and education. The institute provides undergraduate programs in various specializations through the departments of Computer Science and Engineering and Electronics and Communication Engineering, with a focus on providing students with a holistic learning experience that encompasses academic excellence, practical learning, and overall development. IIITN boasts highly qualified and experienced faculty, state-of-the-art infrastructure and facilities such as well-equipped labs, a library, sports facilities and hostel accommodation.

IIITN's focus is on not just academic excellence, but also the overall development of its students. The institute provides opportunities for students to participate in extracurricular activities, clubs, and societies, fostering their overall personality development. IIITN is committed to providing a conducive environment for learning and research and continually strives to achieve its mission of becoming a leading institute in the field of Information Technology.

In this annual report, titled "Annual Report 2022-23," we present a comprehensive overview of our institute's activities, achievements, and progress over the past year. This report provides a valuable insight into our students' remarkable placements, with notable increases in average and highest package offerings. Additionally, you will explore our faculty's research endeavors, including published papers and a significant patent. We also highlight our focus on curriculum refinement to stay abreast of industry requirements. We express our gratitude to all our stakeholders for their unwavering support in our pursuit of academic excellence. This report showcases the collective efforts and dedication of the IIIT Nagpur community, reflecting our commitment to fostering innovation, knowledge, and transformative education.

From the Director's Desk

I am pleased to inform you of the significant achievements and progress we have made in the Academic Year 2022-2023. IIITN celebrated its 2nd Convocation on 28th October 2022 in IIIT Nagpur permanent campus. Dr. Anand Deshpande, Founder and CMD of Persistent Systems Ltd. has graced the occasion as the Chief Guest and addressed the convocation. In its 2nd Convocation, IIIT Nagpur awarded a total of 216 Degrees; 4 PhD Degrees, 142 undergraduate degrees in Computer Science and Engineering and Electronics and Communication Engineering and 70 PG Diplomas in Information and Communication Technology.

One of the highlights of this year is the introduction of four new specializations in our curriculum, which are a significant step forward in our mission to offer cutting-edge technology education. Three of these branches, namely Artificial Intelligence and Machine Learning, Human-Computer Interaction and Gaming Technology and Data Science and Analytics are part of the Computer Science and Engineering Department while the Internet of Things is offered by the Department of Electronics and Communication Engineering. With the addition of these courses, we have been able to increase the number of seats available by 264 allowing us to cater to a wider range of student interests and needs.

In 2022, the third batch of the institute i.e. 2018-22 batch graduated and out of the 115 students registered for placement, 98 students were placed in various companies with an average package of Rs. 10.52 lakhs per annum (LPA). Apart from the increment in the average package of the students in comparison to the previous batch, the highest package offered for this batch has increased up to Rs. 40 LPA. Further, I would like to share that for the current final year batch (2019-2023), 153 students registered for placement and 114 students have already been placed at different companies as of April, 2023. This batch has also witnessed a substantial increase in package offers, with an average package of Rs. 14.36 LPA. Moreover, I am thrilled to share that the highest package secured by a student from this batch has soared significantly to an impressive Rs. 86 LPA, a testament to the remarkable potential and talent of our students.

In the current session (2022-23), we are proud to announce that 50 companies have extended internship offers to our students, and currently, 152 students are undergoing internships in these companies. Regarding internships, our students have secured internships in several leading companies, including Intel, NVIDIA, Amazon, Acko Technologies, Alpha Stream, Groww, Siemens, ATI Motors, and others.

The Institute promotes research activities for Faculty Members in the form of internationally reviewed SCI/Scopus Journal Publications, Patents, Research Projects, FDP, Workshops and Industry Collaborative Consultancy. In last seven years of operation of the Institute, the Faculties of the Institute have published more than 159 Research Papers in various Publications. During the academic session, the faculty members have contributed significantly to the academic community by publishing 35 articles in high-impact journals, presentation of 8 papers at esteemed conferences, publication of 2 books, and authorship of 4 book chapters.

I am delighted to inform all the stakeholders that two Patents entitled "Location based transaction fraud detection using machine learning" with patent number 202321010316 and "IoT Based Automated Sliding Mechanism to Prevent Infant Fall from Bed" with patent number 202211002951 were published during the academic session.

The Institute is fortunate to have highly capable faculty members who excel not only in teaching but also in leading research projects for esteemed organizations such as the Science & Engineering Research Board (SERB), DRDO and programs under DST-NIMAT, Empowerment and Equity Opportunities for Excellence in Science (EMEQ), among others. Currently, the institute is actively running six funded projects, collectively valued at Rs. 79,37,400.

The Institute has been successfully implementing various programs, including flagship programs of the Government of India such as Yuva Sangam under Ek Bharat Shreshtha Bharat. The institute also organizes various events to promote the technical, social, cultural, and sporting activities of the students. Some of these events include TantraFiesta 2022, the annual technical event held on October 15th to October 16th, 2022, Abhivyakti, the annual national-level cultural fest of IITN, held from 23rd Feb to 25th Feb 2023, Kshitij 2023, the annual sports meet held on 28–29 January 2023, and many more.

I would like to assure all the students that IIITN understands the fast pace of changes occurring in the field of Information Technology. To keep pace with these changes, we regularly review

our Academic Curriculum through our Board of Studies, which includes experts from IITs/NITs and industry professionals, as well as feedback from students. We regularly fine-tune our course offerings, introduce new courses, and modify course content in accordance with the recommendations and suggestions provided by Board of Studies and approved by the Senate.

I take this opportunity to express my gratitude to all the stakeholders including Ministry of Education, Government of India, Department of Higher Education, Government of Maharashtra, Tata Consultancy Services, Industry Partner and all the Students, Faculties and Employees who wholeheartedly support the pursuit of achieving the vision and mission objectives of the Institute.

Dr. Omprakash Gopal Kakde

Director, IIIT Nagpur

1. INTRODUCTION

1.1. INSTITUTE PROFILE

Indian Institute of Information Technology, Nagpur (IIITN) is one of the 20 Indian Institutes of Information Technology established under the Public-Private Partnership Scheme by the Ministry of Education (erstwhile Ministry of Human Resource Development), Government of India. IIITN has been declared as an "Institution of National Importance" under the provisions of the Indian Institute of Information Technology (Public-Private Partnership) Act, 2017. The Institute started functioning during the year 2016-17 and Shifted to its Permanent Campus in Butibori Nagpur under the Department of Higher Education, Ministry of Education, and is supported by the Department of Higher Education, Government of Maharashtra, and Tata Consultancy Services, Mumbai as Industry Partner.

Within a short span of less than seven years IIIT Nagpur started attracting talented students, who want to work on challenging problems in the field of information Technology. IIIT Nagpur also started attracting Industry professionals to pursue research in cutting age technologies.

The institute is committed to get itself recognized as a leader in Information Technology related science and engineering. It wishes to establish a firm foundation for education and research with a high-quality faculty base and having a vision to be the fountainhead of new ideas and innovations in technology and science. IIIT Nagpur is to create an ambiance in which new ideas, research, and scholarship flourish and from which the leaders and innovators and IT entrepreneurs of tomorrow emerge.

IIIT Nagpur is working to develop strong links with the industry to make teaching and research more relevant, which will aid in direct benefits to the industry. The target is to develop extensive collaboration with the industry on various fronts including Consultancy, Sponsored Research Projects, Students Internships and Joint Workshops Seminars etc. Through enhanced Industry Interaction, the institute is targeting 100% placement for its students through campus selection. The Institute has a vision to develop an Incubation Centre/ In-house Information Technology Park on its campus to earn corpus funds and internships for the students on the campus itself.

Institute Partners

The institute shall explore the possibility of entering into Memorandum of Understandings (MOUs) with reputed Universities/ Institutions of different countries for establishment of Students Exchange Programme.

The Institute runs B.Tech. courses in Computer Science and Engineering (CSE) and Electronics and Communication Engineering (ECE). Also offered three new specialization courses under CSE branch named as B. Tech. CSE (Artificial Intelligence & Machine Learning), B. Tech. CSE (Data Science & Analytics), B. Tech. CSE (Human Computer Interaction & Gaming Technology) and one new specialization course under ECE branch named as B. Tech. ECE (Internet of Things). Institute has started the PG Diploma Course in Information Technology and Communication jointly with the Military College of Telecommunication Engineering (MCTE), Mhow (MP). Institute provides research enthusiastic to pursue Ph.D. in CSE and ECE.

1.2. Objectives

The objectives for which the institute has been established are:

- To emerge amongst the foremost institutions in information technology and allied fields of Knowledge.
- To advance new knowledge and innovation in Information Technology and allied fields to power the nation to the forefront in the global context.
- To develop competent and capable youth imbued with the spirit of innovation and entrepreneurship with the social and environmental orientation to meet the knowledge needs of the country and provide global leadership in Information Technology and allied fields.
- To promote and provide transparency of the highest order in matters of admission, appointment to various positions, academic evaluation, administration, and finance.

1.3. Partners in the Organization

The institute is now operating from its permanent campus located in Waranga village in Nagpur under the aegis of the Department of Higher Education, Ministry of Education (MoE) and is supported by the Department of Higher Education, Government of Maharashtra, and Tata Consultancy Services, Mumbai as Industry Partner.

Institute website link for details: https://iiitn.ac.in/

2. Institute Mission and Vision

2.1. Long Term Strategic Vision

The institute is committed to getting itself globally recognized as a leader in Information Technology related to science and engineering. It wishes to establish a firm foundation for education, research, and industry collaboration with a high-quality faculty base and has the vision to be the fountainhead of new ideas and innovations in technology and science. The major aim of IIIT Nagpur is to create an ambiance in which new ideas, research, and funded learning opportunity will flourish and from which the leaders, innovators, and IT entrepreneurs of tomorrow will emerge. IIIT Nagpur is committed to becoming a brand that offers one roof solutions in learning, consultancy and R&D in the fields allied to information Technology and become a leading educational institute at the international level.

Action Plan: The following goals have been identified to be given special emphasis in the Long- term strategic plan:

1. Broaden educational areas by introducing more academic programs,
2. Enhance engagement with society and industry,
3. Strengthening of Sponsored Research & Consultancy Cell,
4. Broaden funding base,
5. Improve international collaboration,
6. Improve internal support systems,
7. Improve the competence to address local, national, and international society concerns and various upcoming issues,
8. To provide earn while learning opportunity.

2.2. Short Term Vision

IIIT Nagpur wants to become a leading educational institute, with a notable NIRF ranking. The institute also wants to establish a reputation in research and innovation for industrial and national needs. To achieve the goals, a set of Action plans in various domains of activities are as follows:

2.2.1. Development of Permanent Campus

The institute understands that besides the promise of high standards of Academic Excellence, the well-being of the students/faculties/staff & the quality of the physical environment are equally important factors in Higher Education. The Institute, therefore, has started fully functioning from their developed permanent campus, near Waranga, Nagpur to provide a supportive and enriching environment to facilitate improvement in the quality of learning & teaching.

2.2.2. Enhanced and Fruitful Industry Interaction

The institute targets to develop strong links with the industry to make teaching and research more relevant resulting in direct benefits to the industry. Encouraging companies to have their campus presence through the idea of in-house IT PARK. The target is to develop extensive collaboration with the industry on various fronts including Consultancy, Sponsored Research Projects, Students Internships, Joint Workshops/Seminars, etc. Institute also targets to enhance CSR funding from the industry to increase research and other activity at Institute.

2.2.3. Achievement of Self-Sustainability

The institute is in its seventh year of operation. The operational costs are rising and therefore the Institute needs to explore the various income options other than Government Grants to ascertain its future growth. The Institute shall target the development of alternate funding sources like Research Grants, and Consultancy Income and shall also explore the possibility of leveraging the "IIIT" Brand to generate financial support from the industry.

2.2.4. Expansion and Diversification in Educational Offerings

The institute will target the gradual enhancement of the sanctioned intake of the ongoing program as per the available facilities. Institute will also introduce a new program in PG diploma and certificate course for a special skill, etc. The Institute intends to start the M. Tech Programmes in Information Technology and Allied Fields. The focus shall be on offering the "M.Tech through Research" for the Industrially Sponsored Candidates. Further, the Institute shall explore the feasibility of starting new undergraduate program with new specializations.

2.2.5. Development of a Robust Internal Support System

The activities at the Institutes are expected to increase exponentially in the coming five years. To streamline all the activities with an objective of improved efficiency and transparency, the Institute intends to implement a comprehensive Enterprise Resource Planning (ERP) System. The ERP System shall consist of all the required modules right from Admission Management to Integrated Finance Management.

2.2.6. Admissions to International Students & Establishment of Students Exchange Programme

The Institute targets for admission of International Undergraduate and Postgraduate Students to enrich the experience of all the national students as well as build Alumni Contacts in different Countries. The Institute shall explore the possibility of entering a Memorandum of Understandings (MOUs) with reputed Universities / Institutions of different Countries for the establishment of the Students Exchange Programme.

3. INSTITUTE CAMPUS

3.1. OVERVIEW

The Institute understands that besides the promise of high standards of Academic Excellence, the well-being of the students, faculties, and staff & the qualities of the physical environment are equally important factors in Higher Education. 7. PROGRAMS OFFERED

IIIT Nagpur currently offers six undergraduate programs. B.Tech. in CSE, B.Tech. in ECE, three new specialization courses under CSE branch named as B. Tech. CSE (Artificial Intelligence & Machine Learning), B. Tech. CSE (Data Science & Analytics), B. Tech. CSE (Human Computer Interaction & Gaming Technology) and one new specialization course under ECE branch named as B. Tech. ECE (Internet of Things). The duration of each course is 4 years. All courses run on a semester pattern. Students who have passed the 12th standard examination with subjects English, Physics, Chemistry, and Mathematics from State/ Central Boards of Secondary and Higher Secondary Education or equivalent are eligible for admission to IIITs all over India. The admission is done based on the rank obtained by the student in Joint Entrance Exam (JEE) Main. Admissions are done through Central Seat Allocation Board (CSAB), Joint Seat Allocation Authority (JOSAA), Government of India, under the Ministry of Education.

Further, the Institute has started offering Ph.D. Programs in various categories during the year 2018-19. Institute has started the PG Diploma Course in Information Technology and Communication jointly with the Military College of Telecommunication Engineering (MCTE), Mhow (MP) under the MoU for the Military Officers deputed for undergoing a training program of the level of Graduate Engineering Equipment Orientation (GEEO) Course. The Military Officers of MCTE will get a Diploma from IIIT Nagpur which will do value addition to their qualifications and skills.

The intake capacity of the two undergraduate programmes being offered by the institute is as under.

7.3. Academic Departments

IIIT Nagpur has the following Academic Departments:

1. Computer Science & Engineering
2. Electronics & Communication Engineering
3. Basic Sciences

7.3.1. Overview of Department of Computer Science and Engineering

The Department of Computer Science and Engineering at IIIT Nagpur was established in 2016. The department offers B. Tech. programs in Computer Science and Engineering. The

department introduced Ph.D. program for research enthusiastic in 2018-19. The Department of Computer Science and Engineering is dedicated to innovation and research in inter-disciplinary areas. The department has its strength lying in the specialization of topics like Machine Learning, Deep Learning, High-Performance Computing, Data Mining and IoT and providing consultancy, training and industry collaboration. Currently 38 research scholars are Pursuing Ph.D. under C.S.E. Dept. Department has a regular practice of organizing various events like STTP, FDP, AICTE sponsored workshops, Experts Lecture, etc. alongside research. The department is equipped with all the state-of-the-art laboratories with the latest technologies and platforms along with best-in-class computing facilities. The department is equipped with proficient Faculties with PhDs from IIT/NIT, Universities, and renowned institutes across India.

8.3. Grading System and Performance Evaluation

The relative grading system and its details in terms of examination and evaluation are as given below.

8.3.1. Examination and Evaluation

All UG programs run on a semester basis. Students are required to register for courses for every semester examination. Courses are categorized as core, elective open, and humanities courses. Course evaluation mainly includes two Sessional tests, End semester examination, and any teacher's assessment. Course evaluation for laboratory courses is done continuously through quizzes, assignments, seminars, etc. Evaluation pattern is a relative credit point-based grading system on a ten-point scale and grades are awarded on assessment. There is no provision for improvement of grades by re-registering the course. Students are required to re-register for a course in which he/she obtains FF (fail grade) in the subsequent semester. Student performance is indicated by CGPA (Cumulative Grade Point Average) and is not awarded any division/percentage. A student is eligible for the award of a degree after completion of various requirements set by the institute in terms of credits, CGPA, and type of courses completed.

8.3.2. Academic Rule Book

The academic rule book is made available to all the students and is also available on the website of the Institute. It can be accessed using the following link. Academic Peer Review of each academic program is done with the help of faculty members of IIITs, NITs, IITs, and members

of the industry. The suggestions received under this review program are implemented through the respective Board of Studies. The academic rule book is from time to time updated and approved by the Senate.

8.5. Project Work

Students at IIIT Nagpur carry out project work in the eighth semester. The details of the projects done by students of CSE and ECE are mentioned as follows:

8.5.1. On-going Projects Work Details of CSE Students for Academic Year 2022-23

S. No.	Project Title	Name of the Student	Project Supervisor	Nature/ Remark
1	"Emotion Based Music Player"	Raj Aryan Pratik Shende Sarthak Gupta Aditi Sahu, Krish Rustagi	Dr. Jitendra Tembhurne	Software

S. No.	Project Title	Name of the Student	Project Supervisor	Nature/ Remark
2	D2I2	Aditi Vishwakarma Hemanshu Chaudhari Harsh Kedia	Dr. Jitendra Tembhurne	Software
3	Deep Learning Approaches for Epileptic Seizure Predictions	Kirteeraj Malkar Harshit Agarwal Bhunesh Meravi Anshul Bhardwaj	Dr. Jitendra Tembhurne	Software
4	Coding webapp	Arjun Chaudhary Aditya Tiwari Shakti Sharma Gugulothu Santhosh	Dr. Prashanta Majumdar	Software
5	Detection of Pneumonia and Tuberculosis	Ashok Karwa Rushikesh Tonde Shivashish Shukla Adarsh Singh B Sai Tarun Yadav	Dr. Prashanta Majumdar	Software
6	"Declutter- A Habit Tracking Application"	Aman Kumar Suraj Khedkar	Dr. Milind Penurkar	Software
7	"ITS OHK" - a Mental Health Portal (Product Development)	Prakhar Kochar Vedant Rathi Tanay Sant Tejas Dhanait Harsh Gadge	Dr. Milind Penurkar	Software

S. No.	Project Title	Name of the Student	Project Supervisor	Nature/ Remark
8	Resbook	Pawar Srinivas Naik Gorla Sampath	Dr. Milind Penurkar	Software
9	All In One General Store	Sahil Tagade Kartik Barmaiya Shivam Soni Omkar B Shravika Simarla	Dr. Milind Penurkar	Software
10	"Few Shot Learning for Chest X-rays"	Dushyant Singh Shivam Kumar Bastitva Yogesh Walecha	Dr. Tausif Diwan	Software
11	Text Classification and Summarization for News Articles	P Poojitha Manthan Gaikwad B Dheeraj Varma Devesh Singh	Dr. Tausif Diwan	Software
12	"Deep Learning Based Diagnosis of Cancer"	I.Krishna Chaitanya Reddy Nandeep	Dr. Tausif Diwan	Software
13	Speech Recognition Using visual inputs	Sahithi Reddy Debrupa Nag Shrungi Katre	Dr. Nishat Ansari	Software
14	Indian Sign Language Recognition in Real Time	Mehul Rastogi Shivkumar Sakhare Ketaki Palshikar Mansi Saini	Dr. Nishat Ansari	Software

S. No.	Project Title	Name of the Student	Project Supervisor	Nature/ Remark
15	Explainable Artificial Intelligence in Healthcare	Jatin Chhangani Ruchika Pandharikar Neha Kalbande Divyani Kernekar	Dr. Nishat Ansari	Software
16	"Real-Time Number Plate Recognition System"	Kuldeep Singh Parmar Akshay Kohad Bholanath Tiwari Gaurav Bhandarkar	Dr. Nishat Ansari	Software
17	Codeforces - All in one	Varun Tak Dr. Yashpal Singh Baghel Divyansh Shivhare Vanshika Shukla Shikhar Gupta	Dr. Mayuri Digalwar	Software
18	Wellbeing	Ajith P Nayak Samruddhi Selukar Ekta Singh Uppari Vaishnavi	Dr. Mayuri Digalwar	Software
19	Protein Sub-cellular localisation	Nikhil Choudhary K. Gowtham Harshal Zodape Palash Tekam	Dr. Rahul Semwal	Software

S. No.	Project Title	Name of the Student	Project Supervisor	Nature/ Remark
20	Image data classification for alzheimer's disease	Harpreet Dogra Pratik Giramkar Sreeshma Madikonda Sapavat Heeradeep Singh Nischay Yadav	Dr. Richa Makhijani	Software
21	Enzyme classification	Shashank Kanojiya K. Sriram Sneha Madiri Abhinav Kumar Dubey	Dr. Rahul Semwal	Software
22	"Epileptic Seizure Classification"	Yashashree Ganthale Prabhu Satyam B Nandini Kapoor Sai Kumar	Dr. Richa Makhijani	Software
23	"Bad Posture Detection System "	Ansh Garewal Bhupendra Chaudhary Ashish Bhardwaj Dheeraj Yadav	Dr. Richa Makhijani	Software
24	Gesture Recognition	Anushka Chauhan, Eeshan Wairagade, Dhananjay Mishra	Dr. Pooja Jain	Software
25	Depression Detection using audio visual Data		Dr. Pooja Jain	

S. No.	Project Title	Name of the Student	Project Supervisor	Nature/ Remark
		D Prathika Yadav		Software
26	Implementing Decision Assist System in Cricket Using Computer Vision and Machine Learning	Abhijeet Gupta, Huzaifa, And Riya Siddharth Mehere	Dr. Pooja Jain	Software
27	Single Image Dehazing: Underwater Image Restoration	Aman Verma Priyank Kumar Singh Shubham Pandit	Dr. Pooja Jain (IIIT Nagpur) & Dr. Santosh K Vipparthi (IIT Ropar)	Software
28	File Transfer with Blockchain Technology using Proof of Stake	Anuj Kapse Parth Jha	Dr. Pooja Jain	Software
29	Automatic Speech Recognition	Prkssn Gowtham Dora Aniket Ransing	Dr. Pooja jain	Software
30	Prediction & Analysis of Employee Attritio	Chenna Varun, Bhukya Venkata Mahesh	Dr. Pooja Jain	Software
31	Real Time Pneumonia Detection Using Cloud Computing	Ranjan Vaidya Gaurav Sheware Atmik Tumne Pranav Patil	Dr. Kaushlendra Sharma	Software

S. No.	Project Title	Name of the Student	Project Supervisor	Nature/ Remark
32	Optimal Path Planning for Robot in Dynamic Environment	Aadesh Mate, Bhushan Bhamare Harsh Ramteke Aniket Shrivastav Monark Agarwal	Dr. Kaushlendra Sharma	Software
33	Smart Traffic Monitoring Using Drones In Cities	Hitesh Bharadwaj Vemprala, Maheswar Reddy Kadira	Dr. Kaushlendra Sharma	Software

8.5.2. On-going Projects Work Details of ECE Students for Academic Year 2022-23

S. No.	Project Title	Name of the Student	Project Supervisor	Nature/ Remark
1	AI enabled Wearable Device for the heat stroke detection	Anand Maurya, Shobhit Kumawat	Dr. Mayur Parate	Hardware
2	Anomaly Detection in Video Surveillance on Edge Devices	Prajwal Pande	Dr. Mayur Parate	Software
3	Fall Detection and Alert System for the Elderly Monitoring in Homes or Hospitals	Aakash	Dr. Mayur Parate	Software
4	Edge Detection in Images on FPGA Platform for High speed Object Detection Systems.	Saba Bano	Dr. Mayur Parate	Hardware

S. No.	Project Title	Name of the Student	Project Supervisor	Nature/ Remark
5	Raspberry Pi and Yocto based Real time location Finder for Hospitals	Prathamesh Aghao, Mayur Dongre	Dr. Mayur Parate/ Dr. Tapan Jain	Hardware
6	Detect and Classify various Skin Diseases to Assist the doctors	Mohanish Kashiwar	Dr. Tapan Jain	Software
7	Fully automated scanner system of unauthorized goods	Korra Uday Raj, D Uday Kiran	Dr. Tapan Jain	Hardware
8	Image dehazing of Multispectral Satellite Image	Nishant Nagdeo, Yashwardhan Pratap Singh	Dr. Tapan Jain	Software
9	Sentiment Analysis	Priya Gupta	Dr. Rashmi Pandhare	Software
10	Full stack Web Development - Xplore India	Tanvi Agarwal, Aditya Shivam, Vishal Yadav, Ishika Agrawal	Dr. Rashmi Pandhare	Software
11	L1(1.5Ghz), L5(1.1GHz), S(2.4GHz) Tri Band Circular Polarized Microstrip Patch Antenna for Satellite Communication	N. Tejasri	Dr. Rashmi Pandhare	Software
12	Feature Detection Based Arrhythmia Detection Using Wavelets with XGBoost Classifier	Shreya Dalmia, V. Gyanshree Reddy, Vishal Karangale	Dr. Nikhil Agrawal	Software

S. No.	Project Title	Name of the Student	Project Supervisor	Nature/ Remark
13	Epilepsy Detection Using Computer Aided Technique	Vinit Raj, Abhishek Tilkar, Jayesh Malviya	Dr. Nikhil Agrawal	Software
14	Brain Tumour Segmentation using Multimodal 3D CNN	Hanuman Nath, Divyansh Kumar, Aniket Tiwari	Dr. Parul Sahare	Software
15	Skin Disease detection using Sparse dictionary and CNN	Apeksha Pandey, Manepalli Sai Teja, Sidagam Pavan Sai Naidu	Dr. Parul Sahare	Software
16	Detection of polluting vehicles using image processing	Praveena Kora, Suchit Meshram	Dr. Chandrashekhar Sakode	Software
17	Crop recommendation and price prediction system	K Pavan Sesha Sai, Tarun Jaiswal	Dr. Chandrashekhar Sakode	Software
18	Design of Flexible Antenna for Wireless Body Area Network	Sakshi Pandagale, Avish Fakirde, Saikumar Mulkalla	Dr. Paritosh Peshwe	Hardware
19	Data Driven Diagnostics and Predictive Maintenance Strategy for Electric Grid	Arya Deshmukh	Dr. Paritosh Peshwe	Software
20	Novel Adiabatic Technique for Low Power Applications	Tanishk Sheware, Yash Ingrodia	Dr. Paritosh Peshwe	Hardware
21	Instance classification using Machine Learning	Chaitali Shrivastav, Amrendra Pratap Singh, S.M. Krishna	Dr. P. V. Joshi	Software

S. No.	Project Title	Name of the Student	Project Supervisor	Nature/ Remark
22	Deep fake detection using deep learning	Abhay Ganvir, Vrushaket Patwardhan, Tejas Bhoye	Dr. P. V. Joshi	Software
23	3D Anatomy Depictor for Magnetic Resonance Imaging	Jayvardhan Patil, Sourav Singh, Divya Sharma	Dr. Harsh Goud	Software
24	A machine Learning Based Approach for Detection of Alzheimer's Disease using analysis of Hippocampus Region from MRI Scan	Aman Singh, Pasumarthy Naveen, Shruti Meshram	Dr. Harsh Goud	Software
25	Implementation of Low Power Hilbert Transformer using Verilog	Sarthak Babra, S Pavan Kumar	Dr. Sushmita Dandeliya	Software
26	Optimization of Multi-junction Solar Cell	Deepak Gupta, Chilla Pravardhan, Ganesh Jatavath	Dr. Sushmita Dandeliya	Software
27	Design of a compact and miniaturized antenna for implantable applications	Umang Gulab Doble Pawar	Dr. Shankar Bhattacharjee	Software
28	Gain Enhancement of Implantable antenna	B Likhith Yadav, Mandeep Bompem	Dr. Shankar Bhattacharjee	Software
29	Design of compact wearable antenna	Varun Das, Arnav Kumar	Dr. Shankar Bhattacharjee	Software

S. No.	Project Title	Name of the Student	Project Supervisor	Nature/ Remark
30	Reducing the size of FinFET with increased power efficiency using TCAD	B.Varun Rao, K.V.S. Rakesh	Dr. Girish Ghivela	Software
31	Design of Circular Polarized Patch Antenna for Satellite Applications	Bhavin Kanbi, Vishwesh Jha	Dr. Girish Ghivela	Software
32	Road lane line detection using Opencv Python	Anuranjan Sarsam	Dr. Girish Ghivela	Software

8.6. STUDENT ACHIEVEMENTS (2022-23)

S. No.	Student Name	Details of Achievement in the academic year 2022-23
1	Rashmi Mantri, Shubhasri Tadepalli, Aditi Yadav, Hignya Shaha	Participated in Badminton competition in Inter IIIT Sports Meet which was conducted by IIITDM Kancheepuram between 13/03/2023 to 20/3/2023 and secured 2nd runner up position (girls)
2	Yash Dhoke, Sumedh Ramteke, Hem Mahimkar, Padilam Yashwant	Participated in Chess competition in Inter IIIT Sports Meet which was conducted by IIITDM Kancheepuram between 13/03/2023 to 20/3/2023 and secured 1st position (mens)
3	Aditya Adey, Shivam Pandey	Participated in Power Lifting competition in Inter IIIT Sports Meet which was conducted by IIITDM Kancheepuram between 13/03/2023 to 20/3/2023 and secured 1st position (boys)
4	Sourav Khandekar, Ashish Sonam	Participated in Carrom competition in Inter IIIT Sports Meet which was conducted by IIITDM Kancheepuram

S. No.	Student Name	Details of Achievement in the academic year 2022-23
		between 13/03/2023 to 20/3/2023 and secured 2nd runner up position
5	**Sesha Sriram Dharwada**	**Got AIR Rank 60 in GATE, CS-2023**

9. FACULTY CONTRIBUTIONS

9.1. FACULTY ACHIEVEMENTS

Faculties at IIIT Nagpur are committed to teaching, however, in addition to supervising students, they are also very much research productive and contributing to various dimensions of academics and industry collaboration. Faculties have accomplishments in areas that have a serious impact on students' knowledge-gaining processes. Faculties have organized and also actively participated in seminars, lecture series, and workshops like ATAL academy FDP, Entrepreneurship Awareness Camp, etc. Faculties have also delivered several expert lectures at the reputed institute within the country as well as outside the country too. The primary objective behind all these faculty initiatives is to enrich the quintessential trade for academics and create capabilities to inform our students about the knowledge necessary in today's world.

9.2. Faculty Research and Development

IIIT Nagpur has made concerted efforts to align its R&D focus with the national goal of achieving technological self-reliance. Faculty conduct research projects in thrust areas of science and engineering. The institute has ongoing academic and research collaborations with many national and international universities, governments, and industries. Currently, the institute is running ongoing projects funded by DST, SERB, and IIT Delhi.

9.2.1. Research Grants and Funded Projects

10. Conduction of Lectures and Classroom Environment

The infrastructural facilities available at IIIT Nagpur include physical as well as online resources. Physical resources include teaching as well as research laboratories whereas online resources include a Learning Management platform known as "Moodle" and an online teaching platform known as "Webex". Moodle offers numerous features, including the ability to manage student data, course materials, assignment submissions, and exam evaluations. Through the Webex platform, teachers can

also deliver online video lectures, facilitate virtual labs, and conduct vivas. During the pandemic, classes were conducted using these online tools. However, now that the situation has returned to normal and classes are being conducted in physical mode.

10.1. Departmental Laboratories Details

The Laboratories provide controlled conditions for conducting Research, Experiments, and Measurements. The Laboratories at IIIT Nagpur are reservoirs of opportunity, energy, innovation, and growth. The details of available labs in each department are shown below.

10.1.1. Department of Computer Science Engineering

1. Computer Programming Lab.
2. Data Structures Lab.
3. Application Programming Lab.
4. Data Structures and Algorithms Lab.
5. Database Management Systems Lab.
6. Design and Analysis of Algorithms Lab.
7. Design Principal of Programming Language Lab.

12. Overview of Labs of Dept. of ECE

10.1.3. Department of Basic Sciences

1. Applied Sciences Lab.
2. Language Lab.
3. Institute Library of IIIT Nagpur.

10.2. Library and Information Centre

The Central Library is an area of about 600 sq. feet approximately. It contains a Reading Hall wherein 50 readers can be accommodated at a time, with one stack room that has a collection of about 2696 (books & CDs). The net cost of books is Rs. 15,10,567.

The institute's E-Library has been a valuable resource for students and faculty members. It offers access to a vast array of digital resources, including e-books, journals, and articles, which can be accessed remotely from anywhere with an internet connection. Currently, the E-Library contains 44 e-books that cover core and elective subjects in CSE, ECE, and BS. Students and faculty members can view, read, and download these e-books at any time, 24/7, without any limits.

The E-Library also provides access to other useful digital media such as the National Digital Library, IEEE CSDL Tier-II Subscription, open access journals and books, NPTEL video lectures, placement materials, news/magazines, and the online plagiarism detection software "URKUND". This enabled students to continue their studies from any location and enabled faculty members to access the necessary materials for their lectures and research.

10.3. Academic Calendar

The academic calendar is designed and proposed by a specially made committee and approved by the senate. The Academic calendar of IIIT Nagpur is already designed by taking inputs from Mentor Institute to keep in sync with the mentor institute academic calendar and adhering to guidelines given by the Ministry of Education (MoE). It also has a space to organize various technical events and to celebrate cultural Fest. For the proper information, the dissemination academic calendar is published on the website and updated regularly.

11. Placement

IIIT Nagpur has a dedicated Training and Placement Department with a full-time Training and placement officer. IIIT Nagpur follows a one-student-one-job policy. However, students are given opportunities to upgrade their offers in the following scenarios.

1. Another company offers a 50% higher package.
2. Dream Company listed by students appears for Campus Drive.
3. All students of the batch secure at least one job offers.

IIITN has been oriented toward the grooming of the students for their placement in top companies and organizations. Currently, training and placement is headed by Dr. Paritosh Peshwe and Dr. Meera is the training and placement officer. Various activities are carried out for the enhancement of the skills of IIIT students. This helps them in confidence-building and improve their skills.

11.1. Interaction Session with Alumni

The students who secured high-paying positions also provided guidance to their juniors on which topics to focus on to improve their skills and the kind of preparation required for specific companies at the event of Abhivaykti which is held on IIIT Nagpur permanent campus on 25 February 2023. T&P has also provided training to students on their coding skills for two hours every week starting from July 2022.

Some recent events under IIC activities are mentioned below:

14.1. IIIT Nagpur Celebrated National Science Day

IIIT Nagpur celebrated the national science on 28th February, 2023. In our country, the national science day is celebrated on 28th February each year. On this day, Indian physicist Sir C.V. Raman made a significant scientific discovery in 1928 which is known as Raman Effect. For this discovery Sir C.V. Raman was awarded a Nobel Prize in Physics in 1930. In 1986, the National Council for Science and Technology Communication (NCSTC) requested the Central Government to designate 28 February as the National Science Day.
In honor of the achievement of Sir C.V. Raman and other Scientists, India started to celebrate National Science Day from February 28, 1987. On this day, IIIT Nagpur organized a seminar entitled "Machine Learning on High Resolution Satellite Imageries". The purpose of this talk on National Science Day is to aware of machine learning in High-Resolution Satellite Imageries and the remote sensing technique. Many times, everyone is looking for high spital resolution and satellite images. The benefits of this monitoring technique are numerous; large spatial extents can be covered in short time periods making repeat surveys and reassessments possible at short intervals. The emergence of high-resolution satellite sensors has enabled

higher spital resolution imaging, facilitating accurate, reliable, and timely data, offering huge advantages in land use change detection, precision farming, emergency response, and many other fields.

16.4. IIIT Nagpur Organized Snake Bite Safety Awareness Program

Snakebite envenoming is a potentially life-threatening disease caused by toxins in the bite of a venomous snake. Envenoming can also be caused by having venom sprayed into the eyes by certain species of snakes that can spit venom as a defensive measure. Inadequate past efforts to control snakebite envenoming has produced fragmented, inaccurate epidemiological data. Many victims do not attend health centers or hospitals and instead rely on traditional treatments. However, available data show 4.5–5.4 million people get bitten by snakes annually. So, in this regard IIIT Nagpur have kept one Snakebite awareness seminar on 21 December.

IIIT adds 240 seats and 4 new branches

AI & Machine Learning, Gaming, IoT Included

Nagpur: Engineering aspirants from the Vidarbha region have a reason to cheer. The Indian Institute of Information Technology (IIIT-N) has hiked its capacity by 240 for BTech courses from the ongoing academic session (2022-23).

Importantly, the premier institution has added four new branches that are most sought after in the ever-changing world of information technology. These include artificial intelligence and machine learning, human-computer interaction and gaming technology, data science and analytics, and Internet of Things (IoT). Quoting institute officer Kirti Dutt-berkar, TOI was the first to report on January 20 that this institute of national importance will start these four new courses.

The first three branches will start at the department of computer science and engineering while the last one will begin at the department of electronics and communication engineering.

"We had 213 BTech first year seats till last year, which has now jumped to 453 from the current academic year. These seats also included the quota for the Economically Weaker Section in the general category," in charge dean Ashwin Kothari told TOI.

From just 40 students when IIIT-N started its journey from the 2016-17 session, reaching 453 is a big jump in just seven years for the prestigious college.

Kothari said students from Nagpur and other cities in the region now have a golden chance to learn the popular courses which are available in select colleges. "We are getting premier companies for our placements, and they are offering decent salary packages to students. Our students are getting internship offers from reputed organisations as well. Our faculty recruitment drive is in full swing," he added.

The premier institute which started operations from the BSNL Regional Telecom Training Centre at Sadanary Hills in 2016-17 before shifting to its permanent campus from April 1, 2021, has plans to have its own IT park in two years, where software companies can operate their units. It would be the first one among all IIITs to provide such a facility for the students, who can do internships in the software units. It also plans to build an international standard research centre there.

FIRST BATCH OF FIVE STUDENTS COMPLETES PHD

IIIT-N's first batch of five PHD students successfully completed their formalities and will be awarded the degrees in forthcoming convocation to be held shortly, according to Kothari. About 71 students had enrolled for the PHD with IIIT-N. Besides BTech, the institute also offers PG diploma in information and communication technology for computer science candidates along with PHD courses. All its courses are being offered from its permanent campus at Wanaga on Wardha Road, where it shifted in January this year. "We had conducted the first two convocations on January 28 last year in virtual mode due to Covid. It was for the first two graduating batches of 2020 and 2021," Kothari said.

NMC starts city bus service from Sitabuldi to IIIT campus at Waranga

■ Staff Reporter

WITH the joint efforts of the Indian Institute of Information Technology, Nagpur, and Nagpur Municipal Corporation (NMC), city bus services were commenced from Sitabuldi to IIIT's campus at MIHAN.

This service will facilitate the daily commutation of students, faculties, and non-teaching staff of IIIT and Maharashtra National Law University residing in the city.

Moreover, the bus service will prove beneficial for the residents of Waranga, Bothali, Borkhedi villages and Soot Girni colony for commutation to Nagpur city.

IIIT Nagpur Director Dr O G Kakde and Registrar Kailas Dakhale have made efforts to start this city bus service.

The campus of both the institutions are far off from city and bus service will ease movement of visitors and also benefit the villagers.

Very soon even extended campus of Kavi Kulguru Kalidas Sanskrit University would start functioning and for the students and faculty also the bus service is going to be a boon.

Manipur youths on tour of city meet Gadkari

■ Staff Reporter

A GROUP of youths from North Eastern states of India are on visit to city as part of Yuva Sangam programme under 'Ek Bharat Shreetha Bharat' and they called on Union Minister Nitin Gadkari on Tuesday. The programme aims at boosting connect of the youth of North East with their counterparts in other states.

Gadkari wished them an enriching experience during their stay here. After this, the delegation visited places like Deekshabhoomi, Zero Mile, Kornali Mandir, Tekdi Ganeshu Mandir.

The delegation is part of the Maharashtra-Manipur Yuva sangam programme organised by IIIT-Indian Institute of Information Technology, Nagpur, under 'Ek Bharat Shreetha Bharat'. The youth representatives were welcomed on their arrival at the Dr Babasaheb Ambedkar International Airport, yesterday. Dr O G Kakade welcomed the guests. Kailas Dakhle, Registrar, Pravin Dattke, MLC, were also present.

Union Minister Nitin Gadkari snapped with delegates of Manipur on visit to city as part of Yuva Sangam programme.

The delegation is visiting here for cultural engagement in the areas of language, education, culture, tradition and music, tourism and cuisine, sports and exchange of best practices. Ek Bharat Shreetha Bharat through Yuva Sangam programme will provide opportunity to the youth between 18 to 30 years of age to visit different States of the country and understand their art culture and language. The main objective of the Yuva Sangam initiative is to provide a multifaceted experience to the youth of North Eastern states and other states under the five broad areas of tourism, tradition, progress, industry and interaction. Dr Kirti Dorshetwar, Nodal Officer, has chalked out many activities during the week ahead to fulfill the objectives.

IIIT Nagpur's 2nd Convocation...

It has been declared as an 'Institution of National Importance' under the provisions of the IIIT (Public-Private Partnership) Act, 2017. It is getting a good response from the students aspiring to enter into the field of Information Technology and Allied Services, stated Dr O G Kakde, Director of IIIT Nagpur, while addressing a press conference on Thursday. Dr A G Kothari, Dr Kirti Dorshetwar and others were present prominently on this occasion.

Dr Kakde informed the mediapersons that inter-disciplinary academic curriculum was the USP of the Institute. A number of interesting combinations of minor/major courses were offered to students providing them an opportunity to explore inter-disciplinary subjects. The Institute is attracting a large number of coveted companies on campus and provides one of the most promising placements and internships. It has one of the best Placement Records with about 93 per cent placement, highest annual package of Rs 40 lakh, and average annual package of Rs 12 lakh for the Batch of 2022. With the introduction of four new branches and existing two branches, IIIT Nagpur is expected to have about 1,200 students from 2022-23 onwards. As on date, it has more than 460 alumni in the form of under-graduate students, post-graduate Diploma holders, and PhD scholars who have completed their studies and started serving the industry/community. IIIT Nagpur has done tree plantation in association with HCL Foundation and NGO Aroha, and has planted more than 900 trees on the campus. It secured 8th Rank in Band-Promising of ARIIA Rankings-2021 under the category of Institute of National Importance and Central Universities/CFTIs (Technical). It has research funding of more than Rs 2 crore, six patents to its credit, and more than 100 journal/conference publications by faculties.

SCHEDULE: 23 SIGNIFICANT ACCOUNTING POLICIES

1. BASIS FOR PREPARATION OF ACCOUNTS: The accounts are prepared under the Historical Cost Convention unless otherwise stated and generally on the Accrual method of accounting.

2. REVENUE RECOGNITION

2.1 Fees from Students (except Tuition Fees), Sale of Admission Forms and Interest on Savings Bank account are accounted on cash basis. Tuition Fees collected separately for each semester is accounted on accrual basis.

2.2 Income from Land, Buildings and Other Property and Interest on Investments are accounted on accrual basis.

3. FIXED ASSETS AND DEPRECIATION

3.1 Fixed assets are stated at cost of acquisition including inward freight, duties and taxes and incidental and direct expenses related to acquisition, installation and commissioning.

3.2 Gifted / Donated assets are valued at the nominal value. They are set-up by credit to Capital Fund and merged with the Fixed Assets of the Institution. Depreciation is charged at the rates applicable to the respective assets.

3.3 Books received as gifts, are valued at selling prices printed on the books. Where they are not printed, the value is based on assessment.

3.4 Fixed assets are valued at cost less accumulated depreciation. Depreciation on fixed assets is provided on Straight line method, at the following rates:

Tangible Assets:

1.	Land	0.00%
2.	Site Development	0.00%
3.	Buildings	2.00%
4.	Roads & Bridges	2.00%
5.	Tube wells & Water Supply	2.00%
6.	Sewerage & Drainage	2.00%

7. Electrical Installation and equipment	5.00%
8. Plant & Machinery	5.00%
9. Scientific & Laboratory Equipment	8.00%
10. Office Equipment	7.50%
11. Audio Visual Equipment	7.50%
12. Computers & Peripherals	20.00%
13. Furniture, Fixtures & Fittings	7.50%
14. Vehicles	10.00%
15. Lib. Books & Scientific Journals	10.00%

Intangible Assets (amortization):

1. E-Journals	40.00%
2. Computer Software	40.00%
3. Patents and Copyrights	9-Years

3.5 Depreciation is provided for the whole year on additions during the year.

3.6 Where an asset is fully depreciated, it will be carried at a residual value of Re.1 in the Balance Sheet and will not be further depreciated. Thereafter, depreciation is calculated on the additions of each year separately at the rate of depreciation applicable for that asset head.

3.7 Assets created out of Earmarked Funds and funds of Sponsored Projects, where the ownership of such assets vests in the Institution, are setup by credit to Capital Fund and merged with the Fixed Assets of the Institution. Depreciation is charged at the rates applicable to the respective assets. Assets created out of Sponsored Project funds, where the ownership is retained by the sponsors but held and used by the Institution arc separately disclosed in the Notes on Accounts.

3.8 Assets, the individual value of each of which is Rs. 2000 or less (except Library Books) are treated as Small Value Assets, 100% depreciation is provided in respect of such assets at the time of their acquisition. However physical accounting and control are continued by the holders of such assets.

4 Intangible Assets: Patents and copy rights, E Journals and Computer Software are grouped under Intangible Assets.

4.1 Expenditure on acquisition of software has been separated from computers and peripherals, as apart from being intangible assets, the rate of obsolescence in respect of these is very high. Depreciation is provided in respect of software at a higher rate of 40% as against depreciation of 20% provided in respect of Computers & Peripherals.

4.2 E-Library is separated from Library Books in view of the limited benefit that could be derived from the on-line access provided.E-Libraryis accounted in E-Journals head of Intangible asset and 40% rate of depreciation is charged against depreciation of 10% provided in respect of books.

5. STOCKS:

Expenditure on purchase of chemicals, glassware, publications and other stores is accounted as revenue expenditure, except that the value of closing stocks held on 31st March is set up as inventories by reducing the corresponding Revenue Expenditure on the basis of information obtained from Departments. They are valued at cost.

6. RETIREMENT BEENFITS

Retirement benefit i.e. gratuity are provided on the basis of prudent estimates method as per Accounting Standard 15.

7. INVESTMENTS

a. Long term investments are carried at their cost or face value whichever is lower. However any permanent diminution in their value as on the date of the Balance Sheet is provided for.

b. Short Term investments are carried at their cost or market value (if quoted) whichever is lower.

8. GOVERNMENT AND UGC GRANTS

8.1 Government Grants and UGC grants are accounted on realization basis. However, where a sanction for release of grant pertaining to the financial year is received before 31 " March and the grant is actually received in the next financial year, the grant is accounted on accrual basis and an equal amount is shown as recoverable from the Grantor.

8.2 To the extent utilized towards capital expenditure, (on accrual basis) government grants and grants from UGC are transferred to the Capital Fund.

8.3 Government and UGC grants for meeting Revenue Expenditure (on accrual basis) are treated, to the extent utilized, as income of the year in which they are realized.

8.4 Unutilized grants (including advances paid out of such grants) are carried forward and exhibited as a liability in the Balance Sheet.

9. SPONSORED PROJECTS

9.1 In respect of ongoing Sponsored Projects, the amounts received from sponsors are credited to the head "Current Liabilities and Provisions -Current Liabilities -Other Liabilities -Receipts against ongoing sponsored projects." As and when expenditure is incurred /advances are paid against such projects, or the concerned project account is debited with allocated overhead charges, the liability account is debited.

9.2 In addition to the Earmarked Fund for the Junior Research Fellowships funded by the University Grants Commission, Fellowships and Scholarships are also sponsored by various organizations. These are accounted in the same way as Sponsored Projects except that the expenditure generally is only on disbursement of Fellowships and Scholarships, which may include allowances for contingent expenditure by the Fellows and scholars.

10. INCOME TAX

The income of the Institution is exempt from Income Tax under Section 12A of the Income Tax Act. No provision for tax is therefore made in the accounts.

We have audited the attached Balance Sheet of the Indian Institute of Information Technology, Nagpur (IIIT), Nagpur as at 31 March 2023, the Income & Expenditure Account and Receipts & Payments Accounts for the year ended on that date, under Section 20(1) of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971. The audit has been entrusted for the period up to 2022-23. These financial statements are the responsibility of the Institute's management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. This Separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observations on the financial transactions with regard to compliance with the Law, Rules and Regulations (Propriety and Regularity) and efficiency-cum-performance aspects, etc., if any, are reported through Inspection Reports/ CAG's Audit Reports separately.

3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosure in the financial statements. An

audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.

4. Based on our audit, we report that:

i. We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit.

ii. The Balance Sheet, the Income & Expenditure Account and Receipts & Payments Account dealt with by this report have been drawn up in the format prescribed by the Ministry of Human Resource Development, Govt. of India vide order no.29-4/2012-IFD dt.17 April 2015.

iii. In our opinion, proper books of accounts and other relevant records have been maintained by the Institute as required under Rule 18 of its Memorandum of Association insofar as it appears from our examination of such books.

iv. We further report that:

A. Balance Sheet

A.1 Asset

A.1.1 Schedule-8 Loans, Advances & Deposits - ₹ 5.52 crore

As per Schedule-8 Loans, Advances & Deposits, for the year 2022-23, the Institute had shown unadjusted capital advances of ₹3.20 crore against the Executing Agencies as of 31st March 2023. However, this amount had not been shown by way of unutilized Grant-in-aid under Current Liabilities & Provisions as per Rule- 238 (4) of GFR-2017. This resulted in understatement of Current Liabilities & Provisions

(Schedule-3) and overstatement of Capital / Corpus Fund (Schedule-1) by ₹3.20 crore.

B. General Comment:

B.1 As per Schedule -3 Current Liabilities & Provisions, the Institute had shown the netted amount of ₹7.68 lakh under Sponsored Projects as of March 2023 instead of showing the credit balance of ₹8.22 lakh under Sch 3 - Current liabilities and debit balance of ₹0.54 lakh under Sch 8 - Loans, Advances and Deposits. This is in contravention of the instructions contained in prescribed format of accounts.

C. Grants in aid:

Out of the total available grants-in-aid of ₹6.91 crore (interest of ₹18.14 lakh received on unspent capital grant, ₹6.73 crore opening balance as per Balance Sheet), the Institute utilized an amount of ₹6.20 crore on capital expenditure and Nil on revenue expenditure thus, leaving a balance of ₹70.26 lakh as unspent capital grants-in-aid.

During the year, the Institute has incurred revenue expenditure of ₹14.31 crore (₹18.37 crore - ₹3.88 crore depreciation charged - ₹18.34 lakh provision for gratuity) met from the internal generated revenue of ₹38.13 crore.

D. Management letter

Deficiencies which have not been included in the Audit Report have been brought to the notice of the Institute through a management letter issued separately for remedial / corrective action.

v. Subject to our observations in the preceding paragraphs, we report that the Balance Sheet, the Income & Expenditure Account and Receipt & Payment Account dealt with by this report are in agreement with the books of accounts.

vi. In our opinion and to the best of our information and according to the explanations given to us, the said financial statements, read together with the Accounting Policies and Notes on Accounts, and subject to the significant matters stated above and other matters mentioned in Annexure to this Audit Report, give a true and fair view in conformity with accounting principles generally accepted in India:

(a) In so far as it relates to the Balance Sheet, of the state of affairs of the Indian Institute of Information Technology, Nagpur as at 31 March 2023, and

(b) In so far as it relates to the Income & Expenditure Account of the **surplus** for the year ended on that date.

For and on behalf of the

Comptroller and Auditor General of India,

KP Jaba

Director General of Audit (Central)

Annexure

1	**Adequacy of Internal Audit System** The Institute has prepared Internal Audit Manual and has set up Internal Audit Cell w.e.f. 01.04. 2023. However, internal audit was conducted by a chartered accountant firm.
2	**Adequacy of Internal Control System** Internal control system of the Institute indicated the following deficiencies: •Depiction of advance on capital account as utilization of grant. • As Institute has not furnished Form 65 as on 31.03.2023, the amount of ₹3.20 crore as advance on Capital Account (Schedule 8) could not be ascertained.
3	**Physical verification of Assets** The Institute has carried out physical verification of the assets for the FY year 2022-23.
4	**System of Physical verification of Inventory** Physical Verification of inventories has been conducted by the Institute for the FY 2022-23.
5	**Regularity in payment of statutory dues.** Institute is regular in payment of statutory dues.
